Frequently asked questions

Is there accommodation on site?

Unfortunately we do not have accommodation on site at the moment. However, Welbeck Manor is a hotel just down the road from us, call them on 01752837219 for reservation enquiries.

Where can we park our cars?

There are 15 spaces at the top of the drive that your wedding guests with a blue badge can use. We will need the registration numbers of the cars you wish to park up the top. There is a big car park at the bottom of the drive that will hold all of your wedding guest's cars who are not blue badge holders. They are welcome to stay parked there overnight. Alternatively we can arrange coach transport for you. We just need to know how many people, the date and the pickup points.

What time can we decorate?

We allow 3 hours on the night before your wedding to set up any personal room decorations. During this time we will provide you with a number of staff to help you as well as ladders.

Can we outsource our own catering/bring our own food?

Unfortunately catering cannot be outsourced although own food items brought to the wedding may be considered if it is a small amount and for specific dietary requirements. If you would like to bring in your own nibbles in addition to your catering package booked through us, an additional fee of £2 per person will apply. We ask our clients who will be bringing nibbles to obtain a list of its associated allergens.
